Are you called to live a life of deeper meaning? Are you called to weave together your day to day life, with the mystery of your Spirit World? Are you looking for ways to bring ceremony and ritual to your clients, friends and family?

These are the gifts of the Shaman. As our Spirit Life unfolds, we are drawn more deeply into its multiplicity. No longer held in the flat Literal World, we are free to choose our own ways of Dancing with Creation. Becoming Ceremony.

We are excited to offer this powerful and co-creative workshop on Living the Ceremonial Life, where you will learn:

- The Ways of Ritual to fulfill your own depth of living and experience everything from a place of ceremony
- How to conceive, design, and offer ceremony for your clients
- How to use ceremony to assist and mark the transitions of life

Join us for a personal Celebration of You! Join us to gain mastery in creation of ceremony for yourself, your community, and the Earth.
