

The International Gathering of Shaman:

Navigating the New Consciousness

April 27 - May 2
2010

Enter into shamanic work at a
co-creative and global level

Dear Friends and Aylumates,

We are inviting the most powerful and joyful shaman we know!
Bring your growing medicine and join fellow shaman as we
develop our artistry on a global level for ourselves and the world.

We gather to nourish ourselves in community, to drink from the
cup of energy we create.

We gather as Stewards of the Earth, to focus our intention and
Weave a New Global Tapestry where everyone can bring their
gifts to the table.

Together we learn how to Navigate the time of New Consciousness.

Come join us in Holland,
Wake, Kinlen, Erika,
Karen and Bert
