# Passage To Peru: Heart's Calling

## Your Guides

Wake and Kinlen Wheeler create a journey of depth and authenticity, leading groups in Peru, Europe, and Mexico.

They are known for their ability to:

- Weave spiritual experience with participants, local shaman, and native people.
- Create ceremony in world class, as well as, intimate, rustic sites.

They will be joined this year by Enrika Silvius of Holland and Sandi Hay of Canada, who will share their love of Peru, and support the journey.

Peru is a land of living energy, where the mountains soar over 20,000 feet, where stones speak, and condors fly.

You will spend days in ceremony with the Q'ero Shaman of the High Andes, receiving Rites and a personal despacho. You'll visit the weaving community and markets, explore the ancient sites, and vision through evening fires and dreamtime.
